Jul 23, 2011 Download the.rar archive from HERE. Then decompress the zip file. You can find the.exe file in the decompressed files. You can now install as an offline installer. For offline installation of Ford Control Center V5.0.2 Ford Control Center V5.0.2 Offline Installer 1) Open archive to the folder Ford Control Center V5.0.2 Offline Installer download. 2) unrar the file. 3) extract from the folder with the name localfolder. 4) make a click on the file named as install. 5) Install the program. This version is a offline installer. It's not a VMware install. 5) Download the VMware. 6) install it. 7) This version has two programs: The driver and the control center. For the driver program: open your web accelerator, and type "windows update" to update the driver. Check your version number in Control Center and the version number of your web accelerator. If you have an older version number, you have to update it. WARNING: This version of web accelerator has two processes: the driver and the control center. When you type "windows update" it opens the driver. This program is not the same as web accelerator. 8) To check the version of the Control Center, open the window at the top-right corner. There are 2 icons. The control center icon (the little car) has to be checked. This is the program where you set all.
