What's New In?

Winks, Pouty Lips, Cupid Stinging Sticks and Other Valentine Delights! Our love dares are painting on a pink canvas where cute doodles of chocolates, roses and other Valentine treats are created by sparkling hearts. This is a playful screensaver that will lift your mood and relax your brain! Meyndt Magic is a very entertaining screensaver, that make your desktop more colorful. During the show the main figure, a dj, generates an hypnotic effect, when drawing patterns on a sky like background. With his hands he makes circles, triangles and other patterns. He mixes an interesting song, which gives to the background a more relaxing feeling. The screen rotates every few seconds, so the rhythm of the music also changes. During the show you can watch a lot of other tasks, such as watching the watercolors on the screen, watching old movies, or entering data into a computer. With the karaoke feature, you can sing, along with the dj. Valentine Personalized Heart is a cute Valentine's Day Screensaver with pictures of hearts. Each heart has a person's name at the top left, and their date of birth at the bottom right. When you move the mouse over the image you'll see the birthdays of the people whose hearts you're looking at. The images on each heart are close-ups of the people's faces so they're easier to read. Love Textures HD is a brand new textured screensaver that allows you to render textured images. It comes with 5 images. Just set them as backgrounds for your desktop, and you can enjoy the fantastic effects that make this screensaver so special. If you would like to add a picture, you can drag one onto the bottom of the screen, where you can use the menu to choose whether you would like a solid colour, or a picture. As well as looking good on your desktop, these screensavers are especially suited to portable computing devices. Not only can they be used as backgrounds, but they can also be used to create the desktop's wallpaper. Quick start menu: runs on most operating systems. Memory usage: Can be used as background, but also has features to save your desktop as wallpaper. Personalize your Windows desktop with this Valentine's Day screensaver. A romantic and lovely theme is created with hearts, flowers, and a glittering sky. Drag your mouse over the screen to discover the amazing effect! Valentine's Day Screensaver is a free screensaver that will make your computer screen sparkle with flowers, hearts and other heart shaped objects. As the screensaver is running you will see it every few seconds making an amazing effect on your desktop. All of the pictures used in Valentine's Day Screensaver are watercolor. When you will run this screensaver
