Facebook Album Downloader is a tiny software tool which can be used in order to grab your Facebook albums with a minimal amount of effort. Hassle-free setup and clear-cut interface The installation process is a piece of cake, as it does not offer you to download any third-party products and it is over in jiffy. After you are done with it, you are met with a clean and minimal layout, as it only consists of a few buttons, a menu bar and a pane in which to view your albums. All types of users can find their way around it, including those with little or no previous experience with computers, even in the absence of Help contents. Method of use and configuration you can tweak First and foremost, it is important to keep in mind that you are required to log in to your Facebook account, and allow the app to access some data from it. All albums are going to be displayed as a list, in the main window, with their original name. It is possible to select only some of your albums, choose an output location, and simply click the “Download Pictures” button in order to start the process. This process may last a while,

---

depending on the number of photographs you have to grab and your computer's performance. Last but not least, you should know that all the pictures are going to be downloaded in a JPG format, while also preserving their resolution and quality. In conclusion, FB Album Downloader is a pretty efficient piece of software when it comes to downloading your Facebook albums. The interface is minimal, the response time is good, CPU and memory usage is insignificant and our tests did not reveal any errors, hangs or bugs. This is the 3rd version of the application, so you can be assured that everything is going to be fine. Check out more software similar to FB Album Downloader Download the absolutely free app called Instagram Downloader (1.9MB, available for Windows and Mac OS) here on Softonic: or visit the Softonic page for FB Album Downloader: Facebook Album Downloader is a tiny software tool which can be used in order to grab your Facebook albums with a minimal amount of effort. Hassle-free setup and clear-cut interface The installation process is a piece

**What's New in the FB Album Downloader?**
