
Tidabie Tidal Music Converter Crack For Windows [Latest 2022]

[Download](#)

Tidal, a music streaming service, gives you access to all the music and audio content that you can handle. However, if you want to download all the music available on the site, then it might be quite hard to manage. Luckily, Tidabie Tidal Music Converter is a powerful software that is able to convert Tidal music to compatible formats. The software allows you to search for Tidal albums by tag, genre or artist, and then download them all

to your PC. Its web player has a lot of user-friendly features, such as a powerful search tool. The web player comes with a collection of pre-configured tags. Besides, you can add your own tags to the collection and even create custom lists. Features: * Convert Tidal music to MP3, AAC, WAV, FLAC, WMA, MP4 or any other format. * You can apply multiple tags to files. * Search for Tidal albums and then download them all. * Easily convert Tidal music to MP3 or WAV with no quality loss.

* Automatically rename files and create folders for your Tidal collection. * Set the application to automatically download the downloaded files. * Create and edit playlists with a drag and drop feature. * Add your own notes to the files. * Import an external collection and then drag and drop to your collection. * Add Tidal artists or albums as tags for easy searches. * Add your own album cover. * Extract music from Tidal videos and other files. * Easily convert Tidal music to MP3,

WAV, AAC, FLAC or WMA. *

Display Tidal track duration. *

Play the Tidal music using the built-in web player. * Set the output quality, which can be changed at any time. * Automatic download of the converted files. *

Modify/remove the settings. *

Generate conversion report. *

Support for Windows 8 and higher. *

Portable application. * Works with all macOS versions from 10.10 to 10.12. * Runs on 64-bit and 32-bit Windows. * Free application. Tidal, a music

streaming service, gives you access to all the music and audio content that you can handle. However, if you want to download all the music available on the site, then it might be quite hard to manage. Luckily, Tidabie T
