Just like its name, "Just-Add-It" lets  
you plug-in the free.Q: Search array  
for value and return highest value I  
have an array of arrays called \$foes. I  
need to get the largest value from each  
\$foes array. The \$foes array currently  
looks like this: array(3) { [0]=>  
array(3) { [0]=> string(1) "d" [1]=>  
string(1) "d" [2]=> string(1) "d" }
