---

In Selvaandhan, Harsha Vardhana is the offspring of a huge business empire. His lover is Charushila, an idealistic village girl who wants to change the world, and 693 others marked this film as a favorite. Overview. Harsha is the idealistic offspring of self-made multimillionaire Ravikant. His father believes that his son should marry a girl who has a good upbringing, and not just a beautiful appearance. Ultimately, Harsha falls in love with Charushila, who is the only daughter of one of the villagers and is not the rich and powerful girl that Harsha's father would like to have as his wife. The story has many parallels with the stories from "The Wedding" and "Revenge and the Law" as it also touches on the issue of the relationship between the rich and the poor.
