

**Vulture Strike Download Fixed] [FULL]**

A side-scrolling shooter where you have the ability to travel between two parallel timelines whenever you want. Use the wormhole mechanic. As in the case of the first part, you will have a limited amount of resources, as well as a limited set of possible actions. To do this, you can use the mechanics of the wormhole. Just move the card to the timeline you need, and then withdraw from this timeline to the first one. Consider that this is an analogue of teleportation in the ordinary world. Basically, you will choose from several options, but you can always tap on the screen and get an additional action.
