...crashes and one critical hard drive failure, and you have a rough diary of the recording process of the new Gotye band album (pronounced "gore-tee-eea"). You could call it "Bang-Bong-Bang" if it were an album, but it's not. An album containing 12 songs with nothing but the title. At least the band can call it an album. The four-piece band - drummer, bassist, guitarist and vocalist - are out when not recording a new album, and they spend time with friends and family, as well as playing soccer and baseball. They also like to play video games, especially Mortal Kombat.
